APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
following limitations and conditions:
This permit is issued subject to all existing rights on the source. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this
permit will be dependent upon the amount of water actually placed to
beneficial use. It is also understood that this right must allow for
a reasonable lowering of the static water level at permittee's well
due to other ground water development in the area. A substantial weir
or other type of measuring device must be installed and measurements.
of water use kept. The well shall be equipped with a 2-inch opening
for measuring depth to water. If well is flowing, a valve must be
installed and maintained to prevent waste. The State retains the righ
to regulate the use of the water herein granted at any and all times.
The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
not to exceed
Actual construction work shall begin on or before October 16, 1970
Proof of commencement of work shall be filed before November 16., 1970.
Work must be prosecuted with reasonable diligence and be completed on or beforeQc.tober16,1971
Proof of completion of work shall be filed before
Application of water to beneficial use shall be made on or before October 16, 1973
Proof of the application of water to beneficial use shall be filed on or before
Map in support of proof of beneficial use shall be filed on or before
Commencement of work filed MAY 8 1970. Completion of work filed MAY 8 1970. Proof of beneficial use filed 11 2 1970. Cultural map filed. Cultural map filed.
